

PROXY VOTING POLICY REPORT

OLD MUTUAL GLOBAL INVESTORS

The tables below, accessed via the embedded links show voting according to the policy of Old Mutual Global Investors. The tables are sorted by company name, date of the AGM and/or EGM, and are followed by a resolution number. The records date from 2015 because that is when we, as a company, began to give proxy voting instructions.

The tables show, for each resolution, how our voting policy (see link below) has been applied to the resolution. The table may also contain, particularly in some of the more controversial examples, or where we may have a reason to vote against a resolution, a brief summary as to why we voted in a particular way. For UK companies, we would also draw clients' attention to our statement on compliance, the UK stewardship code (see link below), which notes our practice and policy regarding engagement with companies in which we invest client monies, other than simply voting. Additional reporting on some of that contact with companies is contained in our stewardship reports see link below).

Please remember that past performance is not a guide to future performance. The value of investments and the income from them can go down as well as up and investors may not get back the amount originally invested. Exchange rate changes may cause the value of overseas investments to rise or fall. Issued by Old Mutual Investment Management Limited (trading name, Old Mutual Global Investors), a member of the Old Mutual Group. Authorised and regulated by the Financial Conduct Authority with FCA register number 208543. Registered in England & Wales under number 04227837. Registered office: Millennium Bridge House, 2 Lambeth Hill, London, EC4V 4AJ. *Calls cost 3 pence per minute from a BT landline. Customers who have telephone services with other providers may have different call charges. Calls from mobiles or internet services may be considerably higher.
